

Scuola in Natura

Istituto Comprensivo Italo Calvino, Catania

La nostra Scuola in Natura

Our school in Nature

Pitti is a special friend that visit our garden!

*Pitti is
often
with us*

*School activity: let's find a
letter among the branches*

*Pitti sends the children a letter in which
it asks them to look for the leaves with
the letters and the words he has
scattered in the garden*

*... and to help him prepare a nice nest
looking around what can be used ...*

Activity at school: Isles

...Cakes Isle

Coding Isle

Alphabet Isle

*Outdoor
classroom*

Some activities in the park

«natural» creativity

Gardening and “care”

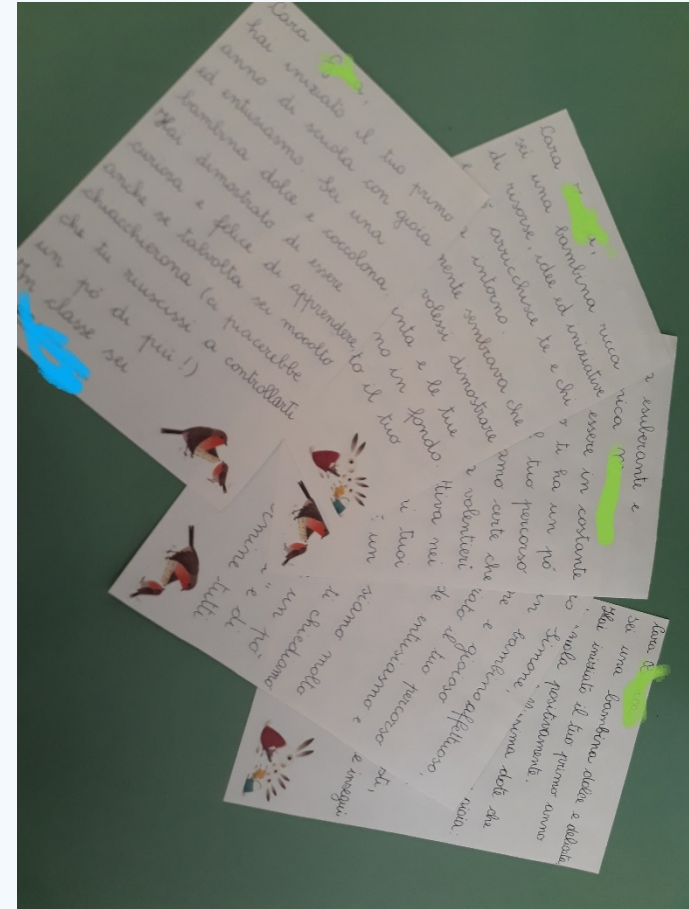

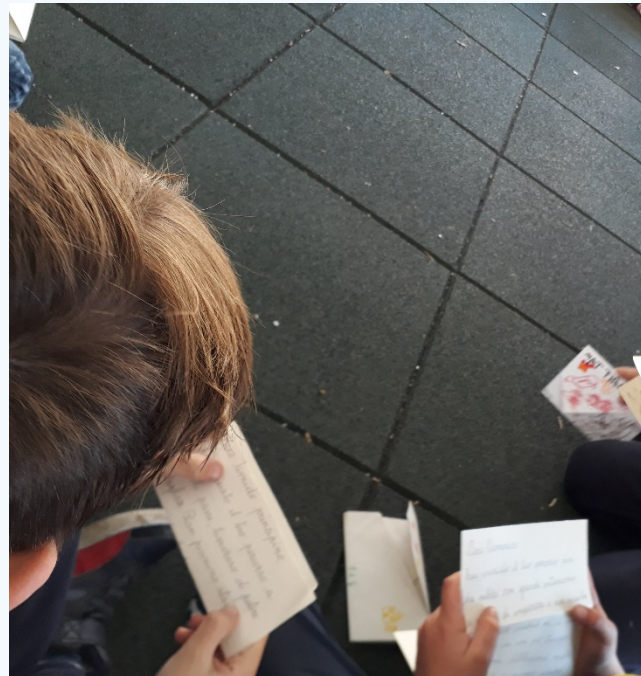

Our friends animals

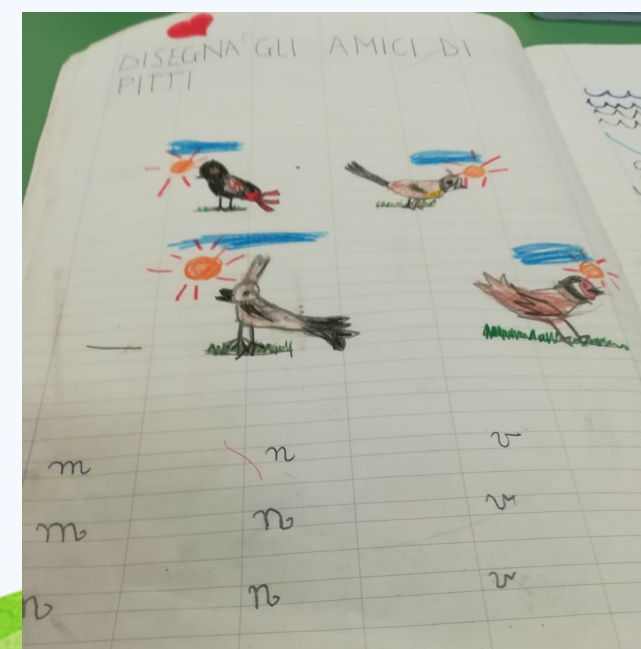

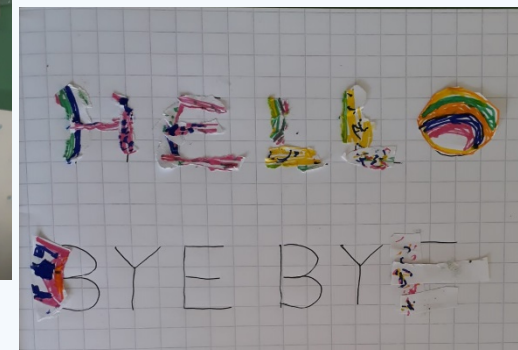

Reading activities in our library

Dialogue Assessment is a very special moment! A "personal" letter written by the teachers.

*...let's get our hands dirty ...
putting our heart into it.
We will have beautiful fruits.*

Thanks
